

Year 9 and Year 10 Electives 2026

Please find below an outline of the electives now on offer for students in Years 9 and 10 in 2026. This follows the initial subject selection survey completed this term. Please note, the classes listed below will still require minimum numbers to run and as such, an elective may be withdrawn prior to 2026. Early next term students will be able to submit their final preferences through Edval. Students will be required to enter their first **three** preferences in each line for **Semester 1 only**. Students will have until Monday 20 October to complete their choices. Changes after this date can be requested via email to Mrs Tutt (dtutt@as.edu.au), though not all requests can be accommodated. All students will be notified of their allocated classes for 2026 before the end of the 2025 school year. Placement in subjects such as Extension or Support electives will require approval from the Head of Department of that subject.

2026	Line 1	Line 2	Line 3 Semester Courses (Combined Stage 5)

Notes

1. Please refer to the subject handbook when choosing subjects. Students are advised to speak with their current teachers and advisor to ensure that they are choosing appropriate electives that complement what they have studied so far and are not a repeat of what they have previously studied.
2. Students wanting to study French Continuers, Japanese Continuers or Music 2 in Year 11 and 12 should be studying a related subject each semester during years 9 and 10.

Staff are available during the first week of Term 4 to have conversations with students regarding their subject choices for 2026. In the meantime, please find below useful links that may assist with conversations over the holiday break.
